But store up for yourselves treasures in heaven, where moths and vermin do not destroy, and where thieves do not break in and steal. For where your treasure is, there your heart will be also.

Matthew 6:20-21 NIV

Planning Today, Impacting Tomorrow

Through planned giving to Free Wheelchair Mission, your legacy gift can create lasting change that reaches far into the future, touching lives for generations to come.

Every legacy gift helps individuals move out of isolation and into a life filled with possibility—accessing education, work, and community. Your generosity through planned giving today becomes a bridge to a brighter tomorrow, turning barriers into opportunities and hope into reality.

By including Free Wheelchair Mission in your estate plan, you leave a lasting legacy, empowering countless people to live with renewed dignity, independence, freedom, and joy well beyond your lifetime.

Together, your vision and generosity can transform lives, building a world where everyone who needs a wheelchair has one. Your planned gift is more than giving—it's shaping a brighter future, today.

Plan your legacy today.

A Legacy of Joy

Your partnership with Free Wheelchair Mission transforms lives through the gift of mobility—and planned giving is an easy way to ensure that impact continues well into the future.

By including Free Wheelchair Mission in your estate or legacy plan, you can continue providing mobility for years to come without affecting your current cash flow or family security.

Whether you're just beginning to consider your legacy or updating an existing plan, planned giving is easier than you might expect. In this guide, you'll find practical ways to ensure your generosity continues to make a lasting difference for generations.

Which Gift Option is Best for You?

Empower people with disabilities in developing countries for generations to come through our legacy gift options.

Donor Advised Funds (DAFs)

A Donor Advised Fund (DAF) works like a charitable investment account set up through your bank or financial institution. You make a contribution to the fund, receive an immediate tax deduction, and then recommend grants to Free Wheelchair Mission over time. The assets in your fund can grow tax-free until you distribute them, and you can even contribute appreciated stock or other assets—potentially avoiding capital gains tax.

Appreciated Stocks

Instead of selling stocks that have gone up in value and paying capital gains tax, you can donate them to Free Wheelchair Mission. You'll receive a charitable tax deduction for the full fair market value of the stock, and because no capital gains tax is owed, your gift can go further to provide wheelchairs and transform lives.

Life Insurance Policy Proceeds

Empower those living with disabilities in developing countries for years to come by making Free Wheelchair Mission a beneficiary of your life insurance policy.

Retirement Plan Proceeds

Naming Free Wheelchair Mission as a beneficiary of your retirement plan—such as an IRA, 401(k), 403(b), or pension—is a powerful way to make a lasting gift.

Did you know that 60%–70% of your retirement assets may be subject to taxes if left to heirs? By designating these assets to charity instead, you can reduce the tax burden on your loved ones while supporting a cause you care about. Another option is to leave heirs assets that receive a step-up in basis, such as real estate or stock, and use retirement assets to make your charitable gift. Because we are a nonprofit organization, Free Wheelchair Mission does not pay taxes on retirement plan proceeds—ensuring that 100% of your gift goes toward transforming lives through the gift of mobility.

Real Estate

There are immediate benefits should you decide to donate property like a house or land to provide wheelchairs for those in need. First, you can get a tax deduction right away for the full current value of that property. Plus, you won't have to pay any capital gains tax on the increase in value when you transfer it.

Charitable Remainder Trust

Instead of selling valuable assets like stocks, property, or a business share, you can transfer the assets to a Charitable Remainder Trust (CRT), which is designed to give you income for a specific number of years or even for the rest of your life. You won't have to pay capital gains tax on it, you'll get an immediate tax deduction, the assets in the CRT won't be counted as part of your taxable estate, and you'll be providing life-changing gifts to those in desperate need of wheelchairs.

IRA Rollovers

If you are age 70½ or older, you may be able to reduce your taxable income by making a gift directly from your IRA. This simple option allows you to support our mission while potentially lowering your income and taxes.

To get started, contact your IRA plan administrator and request a transfer to our organization. Your gift will be sent directly to us, helping to advance our important work. We will acknowledge your contribution as a qualified charitable distribution, which may also count toward your required minimum distribution (RMD).
