

Miracle Blueberry Mojito (Cocktail or Mocktail)

For a fun drink that adults or families can enjoy while watching Miracle of Mobility, make this Miracle Blueberry Mojito.

Mint Simple Syrup:

1/2 cup sugar
1/2 cup water
6-8 mint leaves
Zest of 1 lime

Combine all ingredients in a small pot on the stove, turn on med-low and bring to a gentle boil. Boil until all the sugar is dissolved, stirring occasionally. Let cool and pour into a jar or squeeze bottle.

Single Mojito:

1.5 oz white rum (omit for a family-friendly version)
1 oz mint simple syrup
1/4 cup fresh blueberries
4 mint leaves, torn
Soda water, lime or plain
(If no rum in the drink, use lemon-lime soda instead)
2 lime wedges

Pitcher of Mojito:

1 cup white rum (omit for a family-friendly version)
1/4 cup mint simple syrup
1 1/2 cups fresh blueberries
10-12 mint leaves, torn
Soda water, lime or plain
(If no rum in the drink, use lemon-lime soda instead)
2 limes, cut into wedges

Directions:

In the bottom of the glass or pitcher place the blueberries, mint leaves, 1 lime wedge (or 1 lime cut into wedges for the pitcher), and mint syrup. Muddle the ingredients together—if you do not have a muddler, use any blunt bottom object, like a rolling pin. Add ice to the glass or pitcher and the rum. Top off glass or pitcher with the soda water and garnish each glass with a lime wedge and mint leaf.

Enjoy!
